APRIL 2021

HIGHLIGHTS

Put On Some Good Vibes

Wearing a bright color is one way to get energized and put yourself in a positive mood.

An Eggs-cellent Snack

Hard-boiled eggs make good grab-and-go snacks to have on hand. Portable and perfectly portioned, an egg will fill you up with 6 grams of protein, which also helps fuel your muscles. And your brain will benefit from its rich supply of the nutrient choline, found in the yolk.

Ask Before You Buy

Looking for a new piece of furniture but not looking forward to the price tag of a new purchase? Let family and friends know what you're on the hunt for, whether it's a dining table, desk or bed frame. Someone may have one they're not using and will probably be happy to have you take it off their hands.

Self-Care Corner: Positive Passwords

Pick a positive thought or mantra that motivates you, then change the password for your computer or other account you often use to incorporate that phrase. Instead of using a fingerprint or setting your device to remember the password, physically type it in so you get used to "repeating" your mantra multiple times a day.

Carrots Are the Tops

Colorful, sweet, economical and good for you, carrots are a popular veggie. We've harvested a bunch of details about them.

- Carrots first cropped up about 5,000 years ago in the region around what's now Afghanistan.
- People originally grew the vegetable as medicine. The root and its green, leafy top were used to treat a variety of ailments.
- Today, the average American eats about 10 pounds of fresh carrots in a year.
- You can find carrots in a rainbow of colors: yellow, white, purple, red and, of course, orange, the most common type.
- Carrots are loaded with beta carotene, an antioxidant that gives orange carrots their color and helps our bodies maintain healthy eyesight and skin, as well as a strong immune system.
- Did you know that cooking carrots makes them even healthier? The heat releases more of their nutrients.
- The natural sugars in carrots give them their sweet flavor. That's why the vegetable shows up as a star ingredient in some desserts, including carrot cake.
- Baby carrots are one of the top buys at the grocery store. Perfect for snacking, the mini-sized carrots debuted in the late 1980s and are made by peeling, cutting and shaping larger carrots.
- Cartoon character Bugs Bunny famously loves to crunch on carrots, but rabbits in the wild actually prefer to eat grass.
- Carrot lovers, save the date! April 4 is International Carrot Day.

Spruce Up Your Space

Small changes can have a big impact, and that applies to your home. Check out these easy and affordable ideas for some inspiration.

Changing up a room can be as simple as rearranging your furniture. A different layout can give you a new outlook.

Light brightens a room and makes it look bigger. Add a floor lamp or table lamp so that there's lighting at various

heights. Hanging a mirror on a wall will help reflect light. A pair of flameless candles can highlight a corner.

Put out or rearrange decorative pieces. That can include a new houseplant, a sentimental trinket that's been hidden in a drawer, or a throw pillow that swaps places from the sofa to a bedroom.

Think about the colors, objects and images that make you happy, and try to surround yourself with them. If you have a cherished collection, turn it into an eye-catching display.

Print out some of your favorite photos that are sitting on your phone, put them in bargain frames and make a gallery wall. If you already have framed photos around your place, switch out the images for a new look.

A clean sweep always freshens up your home. Clear out clutter and tackle an organizing task you've been meaning to get to. A tidy space can enhance your overall well-being.

The Vinyl Revival

After decades of playing second fiddle to cassettes, CDs and music streaming services, vinyl records are once again climbing the charts to the top. Vinyl sales recently beat CD sales for the first time in nearly 40 years.

Streaming platforms are still the No. 1 way most of us listen to music, especially on the go or while working. But more and more people are getting into the groove of vinyl for a truly special, immersive listening experience. It's the reason why current artists now release new albums as well as their early work on vinyl, and why acclaimed albums from classic bands and singers continue to be bestsellers.

Many music fans say vinyl records have a fuller, warmer sound than songs that have been compressed into a digital file. And often, playing a record feels like a beloved ritual that encourages mindful, attentive listening rather than just queuing up

some background tunes. Buying a record is also part of the experience, from searching store bins for a hidden gem to admiring an album's artwork and reading the liner notes.

This retro music trend is most popular with people under 35. But many other adults miss the days of owning a physical album, a concept that is unfamiliar yet seems to be appealing to today's teens, who grew up streaming most of their music.

WIT & WISDOM

Easy, Breezy Springtime Crafts

Spring into a bright new season with these simple projects to decorate your home.

Festive florals. Whether fresh or faux, nothing says spring like flowers. Dress up a plain vase or a clean, empty jar to display them in. Add stripes or other geometric designs with patterned tape, or glue on a piece of colored tissue paper or a swatch of fabric.

Rainy day welcome. Fill a pair of brightly colored rain boots with artificial flowers or greenery, then set the display on the floor by the door or on your patio or balcony to welcome in spring.

Paper egg garland. Eggs are popular as a symbol of the season. Use watercolors to paint several sheets of blank paper, letting the colors swirl together to create a marbled pattern. Once the paint dries, cut egg shapes out of the paper, then punch a hole in each egg and loop them all on a string. Hang the garland from a doorway or shelf.

Bucket of spring. Did you know it's extremely fast and easy to grow real grass indoors? Fill a small metal pail with potting soil, then add a generous amount of grass seed—wheat grass and rye grass are good options. Mist with a water bottle until the seeds germinate and water daily. Keep the patch of grass trimmed to your desired length, and add springtime décor such as wooden eggs or garden markers.

Chicken-Biscuit Casserole

This satisfying casserole only takes about 20 minutes from start to finish and is the perfect main dish for brunch or dinner.

Ingredients:

- 1 whole rotisserie chicken
- 1 tube refrigerated buttermilk biscuits (8 biscuits)
- 1 can (10 3/4 ounces) condensed cream of mushroom soup

In a saucepan, stir together the soup, milk, sour cream, vegetables, basil and pepper. Add the chicken. Cook until the mixture comes to a boil.

Spoon the chicken mixture into a baking dish. Arrange the cut biscuits over the top.
